

## Find a Certified Forest Practitioner

The CT Department of Energy and Environmental Protection (DEEP) maintains a current Directory of Certified Forest Practitioners. It can be found at <https://www.elicense.ct.gov/Lookup/LicenseLookup.aspx> and selecting “**FOREST PRACTITIONER CERTIFICATION**,” then hitting “**Submit**”

You can find more information about each practitioner by hitting the “**Details**” button. Additionally, you can search Certified Forest Practitioners by name, license number, or location.

For a Microsoft Excel or CSV file you can [download a list of Certified Forest Practitioners](#) or [PA490 Endorsed Certified Forest Practitioners](#).
